

# HV Test Equipment

## Spare Parts

Spare parts for voltage detectors Type PHE....., HSA, DEHN Cap

CODE	DESIGNATION)	WEIGHT g
766 605	Mignon bulb 3.5 V/0.2A(screw fitting	
766 612	Battery mignon 1.5V, lithium, L91, FR 6	
766 613	Battery mignon 1.5V, alkali manganese, IECLR 6	
767 712	9 V E-block battery, lithium	
767 713	9V E-block battery, alkali manganese , IEC 6LR61	
767 533	Battery feeder	400
767 532	9 V E-block battery	50

## Adaptors

For screwing into the M12 threaded socket of HSA194/HSA195 distance voltage detectors and insulating rods of PHE and PHEIII voltage detectors for handle extension by attaching additional insulating rods.

CODE	TYPE	APPLICATION	DIAGRAM	WEIGHT g
765 010	1	For insulating rods with M12 threaded socket.		300
765 011	2	For insulating rods with adapter head shaft with T-pin		910
765 012	3	For insulating rods with universal tooth coupling In accordance with IEC/EN 60832		500

*Handle extensions available on request.*
