

## Insulation Piercing Connectors

### Standard IPCs

---

#### Description:

IPC connectors are used to tap off low voltage aerial bundled conductors. Connectors consist of insulating bodies carrying the toothed contact blades. High tensile bolts distribute clamping forces evenly over the copper contact plates. Easy to install and suitable for installation on live lines.

#### Options available:

- Waterproof models
- Shear heads
- Stainless steel bolts

---

#### *Other sizes and types available on request*

CODE	MAIN CABLE CROSS SECTION	TAP-OFF CABLE CROSS SECTION	NUMBER OF BOLTS
	mm <sup>2</sup>	mm <sup>2</sup>
